## REPORT OF WORKSHOP "NEP-2020 Compliant Breakup and Rubrics for Internal Assessment"

The Internal Quality Assurance Cell (IQAC), Government College of Education, M.A. Road, Srinagar organized a one-day workshop on "**NEP-2020 Compliant Breakup and Rubrics for Internal Assessment**" on the 26th of September, 2025. The workshop aimed to familiarize the teaching faculty and student council with the newly devised internal assessment breakup and rubric system aligned with the National Education Policy (NEP) 2020, focusing on holistic and continuous assessment approaches.

The session commenced with a formal welcome address by Dr. Mohd Yasin Pir, Coordinator, IQAC. He extended a warm welcome to the esteemed resource person, Dr. Showkeen Bilal Ahmad Gul, faculty members and student council. In his address, Dr. Pir emphasized the significance of adopting a rubric-based assessment system as a key element of holistic evaluation, fostering greater transparency, consistency, and fairness in academic assessment.

**Prof. (Dr.) Seema Naz**, Worthy Principal of the college, reiterated the limitations of the existing evaluation system, stressing the need to shift from memory-based assessments to competency-based evaluation approaches. She announced that the IQAC shall compile a comprehensive Booklet of Internal Assessment in future, which will be circulated among colleges for holistic implementation. She also stressed upon the role of the Teacher in the learner assessment mechanism in compliant with NEP-2020 framework.

The technical session was conducted by the resource person, Dr. Showkeen Bilal Ahmad Gul, HOD Education and Coordinator Research. Dr. Gul emphasized that the proposed rubric helps students transcend the traditional boundaries of rote learning and periodic written examinations, thereby fostering a more engaged and reflective learning experience. He outlined the new breakup for internal assessment, which consists of six key components, each tailored to promote professional values and holistic learning outcomes:

### **Evaluation of Written Assignments**

– Assessment based on content understanding, coherence, originality, and academic integrity.

### **Assessment of Presentation Skills / Tutorials**

– Evaluation of students' ability to present and articulate ideas effectively in academic settings.

### **Evaluation of Class Engagement**

– Monitoring active participation, quality of discussion, and critical inquiry during classroom interactions.

### **Assessment through Book/Article Reading**

– Encouraging students to engage with scholarly materials and assessing comprehension and reflection.

### Short Tests / Class Quiz

– Periodic testing to assess knowledge retention, conceptual clarity, and analytical thinking.

Following the presentation, an in-depth and interactive discussion was held wherein the faculty engaged with the resource person on various dimensions of rubric design and implementation. Dr. Gul elaborated on strategies for developing high-quality academic assignments and shared practical tips for integrating rubric-based assessments into existing curricular frameworks.

The workshop concluded with a formal vote of thanks delivered by Dr. Mohd Yasin Pir, Coordinator, IQAC. He expressed his heartfelt gratitude to Dr. Showkeen Bilal Ahmad Gul for his thought-provoking and enriching session. He reiterated that IQAC remains committed to continuing such initiatives to foster academic excellence and innovation in teaching-learning practices.

**Feroz Ahmad Wani**  
Rapporteur

**Dr. Mohd Yasin Pir**  
Coordinator IQAC
